

'Let us fulfil your dreams'

Paradise Africa aims to offer you something different from other companies. It is family run by David & Judy who live in Tanzania and Noelle and Samantha based in UK. David & Judy are former safari guides with experience of over 150 locations in Africa a large proportion of them in Tanzania. Noelle is an international tour guide with Tanzania experience. Samantha lived in Zambia for some years and has considerable experience of Tanzania.

Rather than suggesting itineraries to you, we would like you to tell us what you wish to experience from your visit to Tanzania, e.g. what are your priorities? What type of accommodation do you prefer? Perhaps most of all - what wildlife do you want to see? In fact tell us about yourselves, give us a budget, the time of year you can travel and we, with our expert knowledge of safaris and properties in Tanzania, will suggest an itinerary with locations we hope you will like and approve of. In other words tell us your dreams and we will try our level best to fulfil them.
